01.5) Customer complaints about the quality could be one way and another way could be checking the products for any quality problems.

01.6) One advantage of job production could be that you get higher quality products because ~~job product~~ in job production, ~~one problem~~ the workers spend more time and more detail on products for example Rolls Royce cars are carefully manufactured in job production leading to an overall higher quality.

01.7) Method one could be car insurance and method two could be car emotee (I don't know how to spell that word) as this makes sure you are covered or have some kind of backup when they have a problem with their car such as an accident and car emotee makes sure the customers car is working fine and that it's safe.

02.1) 1460 ÷ 365 (days in a year) = 4 tea bags a day

02.2) In Item A it says in a survey they made that customers expectations are the quality of tea. This means that good quality tea will attract more customers because people care about the quality of their tea.

Customer dealing, Procurement - when a part of a business gets raw materials, chain like eg raw materials, manufacturing and retailing

logistics - moving stuff around like transporting things to a business

~~Q1.5) One benefit is that they make survey to see what their customers expectations are research on where the tea is found~~

Q2.5) One benefit is that they focus on Sustainability. ~~This means~~ for example they made their tea bags plant based. ~~&~~ and in addition all their products are now CarbonNeutral® certified which has led to planting 1.5 million trees in Kenya, with over 4,000 tea farmers. This means that they have more tea farmers to transport goods ~~to~~ to them and they are ~~help~~ ~~helping~~ helping the environment which gives a good reputation to the business and increase customer engagement ~~an~~ and ~~an~~ an increase in sales because people like that businesses are trying to help the environment this leads to a sales ~~in~~ increase ~~and~~ therefore the business benefits ~~for~~ from it

Q2.5) One ~~adv~~ a advantage is that the business could continue to engage more in charitable and community activities in the UK such as encouraging people to take up cricket and a further £1,423,075 into programmes. ~~to support the long term sustainability of its~~ ~~it's tea supply chain~~. This means that ~~the~~ the business could have support in the long term sustainability in it's tea supply chain and could benefit in the future and continue to make environmentally sustainable products and increase their chances of customers wanting to help and have ~~engag~~ engagement to support the business because of ~~them~~ them being sustainable and environmentally friendly. This leads to ~~so~~ ~~sa~~ a sales increase and continued ~~sa~~ support by customers therefore it will have an overall good impact on the business and could continue ~~to~~ to help the business against things like future competition

02.4) Continuse ongiong Comunication ~~between~~ towards costomers.

02.5) an advantage too increaced ~~engagement~~ cosmer engaement is that more interaction with the buissnes can lead too better publicity therfore encoraging increaced sales ~~therefore~~ and finaly increacing profit.

However a disidvantage of increaced engagement is that the amount of money being put into ~~the~~ the proposison may not reach the right demographic and lead to an overall decreace in sales becuse the money couldve been invested in other areas of the buissnes that could ultimatly increace the profit.

Overall I think they should increace costomer engagement due to the reserch to back up the argument. It depends on if the correct demografic respond to the engagement, but most important ~~fact~~ agument is too increace costomer engagement because that will ultimatly increase publicity and profi.
